

Former Governor George E. Pataki Endorses Testa

Pataki touts Testa's leadership, experience and proven record as Mayor

Candidate for County Legislator for District 1, John G. Testa, recently received a boost for his election bid from former Governor of NY George E. Pataki. Pataki, also a former Mayor of Peekskill, recently hosted a special event packed with supporters from all over Northern Westchester to support John in his campaign and to officially endorse John for his election.

In his remarks Gov. Pataki spoke of his collaborations with John as Mayor and how he saw first-hand the level of leadership and accomplishment John was able to achieve. "John took on the job in politics that I still consider the most difficult one I ever had, Mayor of Peekskill. He did it exceptionally well, he is well known, well liked and respected throughout the district and the entire county," Pataki added.

"We must make sure that John Testa, a great public servant with a proven record, gets a chance to not only lead Peekskill once again but to lead Westchester County and represent Cortlandt and Yorktown as well. He will be the next County Legislator for District 1," added Pataki.

"I am honored that former Governor Pataki would take time out of his busy schedule to host this event and formally endorse me and my candidacy for County Legislator," Testa said. "We accomplished so much together when he was Governor and he was able to witness the job I did as Mayor. For someone with his level of knowledge, experience and success to support me in this way says so much. I am looking forward to living up to this honor and working hard for the residents and communities of Northern Westchester as their next County Legislator for District 1," Testa said.
